

Assignment 1 : Object

Que. Create 10 such object example by following the structure.

each example must include:

- object Name
- state (mini: 5)
- behavior (mini: 3)
- identity
- responsibility

↳ ① • Object Name : Mobile Phone

- State :
 - i) Brand - vivo
 - ii) model - vivo Y200
 - iii) color - both green
 - iv) Battery - 6000 mAh
 - v) Price - 22k

- behavior :
 - i) When I press power button, the phone on.
 - ii) When I tap an app, it opens
 - iii) When I charge the phone, Battery ↑

- Identity : IMEI No. = 1234567890

- responsibility :
 - i) Should perform task smoothly
 - ii) Should store data securely
 - iii) Should provide communication feature.

(2)

- Object Name : AI Chatbot
- State :
 - i) Name : chatassist
 - ii) language : English
 - iii) Version : 2.0
 - iv) response time : 2 sec
 - v) Accuracy : 90%
- Behavior :
 - i) Answers user queries instantly
 - ii) learns from previous interaction
 - iii) suggest solution based on input
- Identity : Bot ID = AI001
- responsibility :
 - i) should provide correct ans.
 - ii) should improve over time

(3)

- Object Name : cloud storage system
- State :
 - i) storage used - 20 GB
 - ii) Total capacity - 100 GB
 - iii) provider - google drive
- Behavior :
 - i) upload files
 - ii) sync data across device
 - iii) Download files on request

- Identity : AccountID : CLD456

- Responsibility :
 - i) Should store data safely
 - ii) should allow access anytime

④

- Object Name : Coffee machine

- State :
 - i) Type - Automatic
 - ii) capacity - 2 Litre
 - iii) Power - 1500 W
 - iv) Brand - Philips
 - v) Status - ready

- Behavior :
 - i) Brews coffee on button press
 - ii) Heats water
 - iii) Dispenses coffee

- Identity : machine ID - CM567

- Responsibility :
 - i) should prepare coffee quickly
 - ii) should maintain temperature
 - iii) should be easy to use.

⑤

- Object Name : drone

- State :
 - i) camera - 4K
 - ii) range - 5km
 - iii) price
 - iv) Battery - 30min
 - v) color - white

- Behavior :
 - i) flies when controlled remotely
 - ii) capture video's & photos
 - iii) Returns automatically on low battery
- Identity : Drone ID : DRNG09
- Responsibility :
 - i) Should capture stable footage
 - ii) Should respond to controls quickly
 - iii) Should land safely.

(6)

- Object Name : Traffic signal
- State :
 - i) colors - Red, yellow, green
 - ii) location - Main road
 - iii) Timer - 60 sec
 - iv) Power - electric
 - v) Status - active
- Behavior :
 - i) Red light stops vehicle
 - ii) Green light allows movement
 - iii) Yellow light wants to slow down
- Identity : signal ID : TS001
- Responsibility :
 - i) should control traffic flow
 - ii) should prevent accident
 - iii) should operate continuously.

- ⑦ • Object Name - Lift
- State :
 - i) Capacity - 8 person
 - ii) Floor - 10
 - iii) Speed - 1m/s
 - iv) Power - electric
 - v) Status - Working
 - Behavior :
 - i) Move up when button pressed
 - ii) Moves down when requested
 - iii) opens door at selected floor.
 - Identity : Lift ID - LIFT101
 - Responsibility :
 - i) should ensure passenger safety
 - ii) should stop at correct floor.

- ⑧ • Object Name : ATM machine
- State :
 - i) Bank - SBI
 - ii) location - city center
 - iii) cash available - 50k
 - iv) machine ID : ATB714
 - v) Status : Active.
 - Behavior :
 - i) dispense cash on request
 - ii) Accept PIN input
 - iii) Show account balance
 - Identity : ATM ID - SBIATM714
 - Responsibility :
 - i) should provide secure transaction
 - ii) should operate 24/7

- 9) • object Name - Water bottle
- State : i) material - plastic iv) Brand - milton
ii) capacity - 1 Litre v) Price - 100 ₹
iii) color - red
 - Behavior : i) When Filled, it store water
ii) When open, water can be poured
iii) When closed, it prevent leakage
 - Identity : Product code : WB123
 - Responsibility : i) Should store water safely
ii) Should be leak-proof

- 10) • Object Name - Bicycle
- State : i) Brand - Hero iv) Type - road bike
ii) color - red v) Price - 80k
iii) Gear - single speed
 - Behavior : i) When I pedal, bicycle move
ii) When I apply break, it stops
iii) When I turn handle, direction changes
 - Identity : Frame No - CYCLE123
 - Responsibility : i) Should provide transport
ii) Should be easy to ride
iii) Should be durable
